## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. Claims 1-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 fails to clearly recite a sequence of actively performed steps, e.g. line 2 calls for the step of “receiving a series of operations” but the following language through line 6 is the recitation of function without the reciting of the step(s) that are necessary to perform the function. Also in claim 1, lines 7-8 appear to define “origin” as an operand coming from a first format to a second format conversion but then lines 9-10 unclearly speak of the conversion from a first format to a second format as being a conversion from a second format to a first format. Finally in claim 1, line 11, the phrase “the redundant conversions” lacks clear antecedent basis. Similarly note claims 7, 16 and 22. Claims 2, 4, 5, 14, 15, 17, 19, 20, 29 and 30 are the recitation of function without the recitation of the steps that are necessary to perform the function. In claim 3 the phrase “the remaining operations” lack clear antecedent basis.

### ***Allowable Subject Matter***

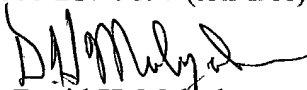

2. Claims 1-30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
